Part of Building Justice Together focuses on the beautification and unity within the Village of Justice in conjunction with the Business Community. The Flower Pot Program creates an opportunity for both entities to work together to create a welcoming and unified feel to the village and the businesses located within the village. This is a year by year flower pot rental program that will begin in May and end in October of every year. The program allows business owners to lease a 20" pot with fresh dirt and a fresh arrangement of flowers that will be delivered to the business location in May. The business is responsible for watering their plants during the season. All flower pots will be picked up by the Village in October and stored away for the winter season. It is the responsibility of the business owner to return the same number of flower pots that was delivered in May.
